

*Regulation 2*

The Contracting Parties undertake to maintain ability to combat spillages of oil and other harmful substances on the sea. This ability shall include adequate equipment, ships and manpower prepared for operations in coastal waters as well as on the high sea.

*Regulation 3*

The Contracting Parties shall, without prejudice to Paragraph 4 of Article 4 of the present Convention, develop and apply, individually or in co-operation, surveillance activities covering the Baltic Sea Area, in order to spot and monitor oil and other harmful substances released into the sea.

*Regulation 4*

In the case of loss overboard of harmful substances in packages, freight containers, portable tanks, or road and rail tank wagons, the Contracting Parties shall co-operate in the salvage and recovery of such packages, containers or tanks so as to minimize the danger to the environment.

*Regulation 5*

1. The Contracting Parties shall develop and apply a system for receiving, channeling and dispatching reports on significant spillages of oil or other harmful substances observed at sea, as well as any incident causing or likely to cause any kind of significant pollution.

2. The Contracting Parties shall request masters of ships and pilots of aircraft to report without delay in accordance with this system on significant spillages of oil or other harmful substances observed at sea. Such reports should as far as possible contain the following data: time, position, wind and sea conditions, and kind, extent and probable source of the spill observed.

3. The master of a ship involved in an incident referred to in Paragraph 1 of this Regulation, or other person having charge of the ship, shall without delay and to the fullest extent possible report in accordance with this system and with the provisions of the Appendix to the present Annex.

4. Each Contracting Party undertakes to issue instructions to its maritime inspection vessels and aircraft and to other appropriate services, to report to its authorities any observation or incident referred to in Paragraph 1 of this Regulation. Such reports shall as far as possible contain the data referred to in Paragraphs 2 or 3 of this Regulation respectively, as well as possible indications on the spreading or drifting tendencies of the spill in question.

5. Whenever a Contracting Party is aware of a casualty or the presence of spillages of oil or other harmful substances in the Baltic Sea Area likely to constitute a serious threat to the marine environment of the Baltic Sea Area or the coast or related interests of any other Contracting Party, it shall without delay transmit all relevant information thereon to the Contracting Party which may be affected by the pollutant and, as regards ship casualty incidents, to the Administration of the ship involved.

*Regulation 6*

Each Contracting Party shall request masters of ships flying its flag to provide, in case of an incident, on request by the proper authorities, such detailed information about the ship and its cargo which is relevant to actions for preventing or combatting pollution of the sea, and to co-operate with these authorities.

*Regulation 7*

1. a) The Contracting Parties shall as soon as possible agree bilaterally or multilaterally on those regions of the Baltic Sea Area in which they will take action for combatting or salvage activities whenever a significant spillage of oil or other harmful substances or any incidents causing or likely to cause pollution within the Baltic Sea Area have occurred or are likely to occur. Such agreements shall not prejudice any other agreements concluded between Contracting Parties concerning the same subject. The neighbouring States shall ensure the harmonization of the different agreements. The Contracting Parties shall inform each other about such agreements.

The Contracting Parties may ask the Commission for assistance to reach agreement, if needed.

b) The Contracting Party within whose region a situation as described in Regulation 1 of this Annex occurs shall make the necessary assessments of the situation and take adequate action in order to avoid or minimize subsequent pollution effects and shall keep drifting parts of the spillage under observation until no further action is called for.

2. In the case that such a spillage is drifting or is likely to drift into a region, where another Contracting Party should take action for purposes as defined in Sub-Paragraph 1 a) of this Regulation, that Party shall without delay be informed of the situation and the actions that have been taken.

*Regulation 8*

A Contracting Party requiring assistance for combatting spillages of oil or other harmful substance at sea is entitled to call for assistance by other Contracting Parties, starting with those who seem likely also to be affected by the spillage. Contracting Parties called upon for assistance in accordance with this Regulation shall use their best endeavours to bring such assistance.

*Regulation 9*

1. The Contracting Parties shall provide information to the other Contracting Parties and the Commission about

a) their national organization for dealing with spillages at sea of oil and other harmful substances;

b) national regulations and other matters which have a direct bearing on combatting pollution at sea by oil and other harmful substances;

c) the competent authority responsible for receiving and dispatching reports of pollution at sea by oil and other harmful substances;

d) the competent authorities for dealing with questions concerning measures of mutual assistance, information and co-operation between the Contracting Parties according to this Annex;

e) actions taken in accordance with Regulation 8 of this Annex.

2. The Contracting Parties shall exchange information of research and development programs and results concerning ways in which pollution by oil and other harmful substances at sea may be dealt with and experiences in combatting such pollution.

*Regulation 10*

The authorities referred to in Sub-Paragraph 1 d) of Regulation 9 of this Annex shall establish direct contact and co-operate in operational matters.
