Law No. 25

CONTROL OF SCIENTIFIC RESEARCH

In order to prohibit for military purposes scientific research and its practical application, to control them in other fields in which they may create a war potential, and to direct them along peaceful lines, the Control Council enacts as follows:

ARTICLE I

All technical military organizations are hereby dissolved and prohibited. Equipment and buildings of a purely military character shall be destroyed or removed. Equipment and buildings having a possible peace time application may be utilized for that purpose with the permission of Military Government.

ARTICLE II

1. Applied scientific research shall be prohibited on:

- a) Any matter of a wholly or primarily military nature; or
- b) Any of the matters specified in Schedule "A" hereto.

2. Applied scientific research on any of the matters specified in Schedule "B" hereto shall be prohibited unless the written permission of the Commander of the Zone in which the research establishment is located is first obtained.

ARTICLE III

1. Fundamental scientific research of a wholly or primarily military nature shall be prohibited.

2. Fundamental scientific research which is not of a wholly or primarily military nature shall be prohibited only insofar as it requires for its conduct installations which, on account of their size or their special or peculiar construction, would be valuable for any applied scientific research of a wholly or primarily military nature.⁴

ARTICLE IV

1. Scientific research not prohibited by Article II or III of this Law may be conducted only by a research establishment authorized by the appropriate Zone Commander.
